Mr. Donald Blackwell

Dear Mr. Blackwell,

I am enclosing some material which General Walters feels you may find of interest.

We are not familiar with the film called "Night Flight From Moscow". However, it is a fact that we have permitted the big television networks to come inside the Agency grounds and film some exterior shots. These shots were taken one Sunday morning when there were very few, other than the duty officers, present.

Sincerely,

/s/ Angus MacLean Thuermer

Dear Lt. General Walters,

Since 1958, I have collected items of official interest and memorabilia on Presidents of our United States, and other outstanding persons, etc.

Saturday evening, I watched with great interest the 1973 film on, "F. J. called, the "Night Flight from Moscow." I was interested in knowing if the film used real footage of the outside of the "C. I. A. Building."

I always understood in my many years of collecting items, no person, even any collector, could not obtain even a glossy and print of the "C. I. A. Building. One of my questions is were there real film footage, or film sets? It was a most interesting film, since the write-up, stated this was a true story, in reference to the film sets.

Second, Lt. General Walters, for my educational project, of many years, is there any one item of memorabilia you could grant my collection project? Please with the

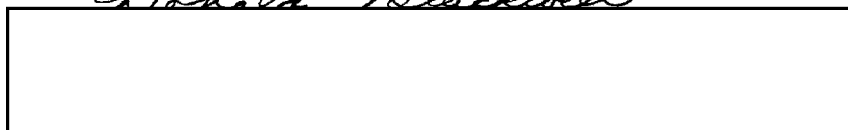

seal of the, "C. I. A." on it, or any one item of interest. Might you have photo or reproduction of the, Seal of the, "C. I. A. that you could autograph. Knowing very little about your Agency, I will sincerely appreciate any item of memorabilia you can grant.

I do not know if your Director, Mr. William E. Cobby could grant his autograph or not, or would have any out-dated mementa he could grant, but I will appreciate any thing sent.

I have items from the F. B. I. and the Secret Service, each year I receive handsome Christmas cards from the above. Also since 1957 Presidential cards, from President's late President, Eisenhower through President Ford since he was a member of the House.

I have, pens bearing President's signatures and their seal, cuff links, tie-bars, playing cards "Aboard Air Force One" Invitations, President's calling cards, Inv. invitations, coins, etc. The complete project has been displayed in schools, Public Library, etc. At a later date the project, left as completed as it can be will be donated to, two College library exhibit rooms.

Very sincerely yours,
Donald Blackwell
